Passenger: David Hedlund
Booking reference (PNR): DS28KK
Claim ID: TEST123

FLIGHTCLAIMLY AUTHORITY DOCUMENT

(Exclusive and Irrevocable Mandate)

1. Parties

This Authority Document (“Mandate”) is granted by the above-named Passenger to FlightClaimly OÜ, a company registered in Estonia (“FlightClaimly”).

2. Exclusive and Irrevocable Mandate

The Passenger hereby grants FlightClaimly an exclusive and irrevocable mandate to represent the Passenger in relation to any claim for financial recovery arising from the above-referenced flight disruption (“Claim”).

This Mandate shall remain valid and binding until the Claim is fully resolved, settled, withdrawn prior to submission, or legally concluded.

After submission of the Claim to the Airline or any competent authority, this Mandate may not be revoked unilaterally by the Passenger.

During the validity of this Mandate, the Passenger shall not appoint any other representative nor independently pursue the same Claim without the prior written consent of FlightClaimly.

The Passenger confirms that no prior assignment, transfer of rights, or exclusive representation has been granted to any third party in respect of the Claim.

3. Scope of Authority

The Passenger expressly authorises FlightClaimly to:

- Represent the Passenger before the Airline and any third party.
- Submit claims, complaints, demands, and legal filings.
- Negotiate and conclude settlements.
- Initiate and conduct administrative proceedings.
- Initiate and conduct judicial proceedings.
- Pursue appeals and enforcement measures.
- Appoint external lawyers, counsel, or legal representatives.
- Sign documents and pleadings on behalf of the Passenger.
- Generate electronic powers of attorney where required.
- Request and obtain flight-related data under applicable data protection laws, including Article 15 GDPR.
- Obtain information from civil aviation authorities and competent bodies.
- Communicate exclusively with the Airline regarding the Claim.
- Collect, receive, and process all payments related to the Claim.

This authority extends to all stages of dispute resolution, including settlement, litigation, appeals, enforcement actions, and any ancillary or related procedures necessary to secure recovery.

4. Financial Recovery Covered

The authority granted herein includes the right to pursue and recover, without limitation:

- Statutory compensation
- Reimbursement of expenses
- Default or statutory interest
- Legal cost recovery
- Court fees awarded
- Enforcement costs recovered

- Administrative penalties (where applicable)

- Settlement amounts

- Ex gratia payments

- Any additional or ancillary financial sums arising from or related to the Claim

5. Service Fee

In consideration for the Compensation Service, the Passenger agrees to pay FlightClaimly a service fee of 20% (including VAT, where applicable) of the total amount recovered in connection with the Claim.

The “total amount recovered” includes all financial sums obtained as a result of the Claim, irrespective of the legal basis under which such amounts are awarded or whether recovery occurs through settlement, administrative process, court judgment, enforcement proceedings, or voluntary payment.

The service fee shall be deducted prior to transfer of the remaining balance to the Passenger.

If the Airline makes payment directly to the Passenger, the Passenger remains contractually obligated to remit the service fee to FlightClaimly without undue delay.

6. Anti-Circumvention

The Airline is hereby instructed by the Passenger to communicate exclusively with FlightClaimly regarding the Claim.

The Passenger acknowledges and agrees that any attempt to bypass FlightClaimly, including accepting or negotiating a direct settlement, refund, or compensation from the Airline without prior written notification to FlightClaimly, constitutes a breach of this Mandate.

Any direct payment, settlement, refund, waiver, or release agreement entered into between the Airline and the Passenger without FlightClaimly’s prior written consent shall not invalidate this Mandate nor affect FlightClaimly’s entitlement to its service fee.

The Passenger undertakes to immediately notify FlightClaimly of any direct communication or payment received from the Airline relating to the Claim.

7. Cooperation and Accuracy

The Passenger agrees to provide accurate and complete information and to cooperate as reasonably required to pursue the Claim, including providing documentation and identity verification if required by the Airline, a competent authority, or a court.

Failure to cooperate may result in suspension or discontinuation of the Claim.

8. Economic Reasonableness

FlightClaimly reserves the right to discontinue pursuit of the Claim where further action would be economically unreasonable, legally futile, or disproportionate in cost relative to the potential recovery.

9. Digital Signature and Automated Processing

The Passenger acknowledges that this Mandate may be signed electronically, that the digital signature provided may be used in submissions, court filings, and communications necessary to enforce the Claim, and that FlightClaimly may use automated claim submission systems, digital airline portals, API integrations, and electronic filings.

Personal data may be processed and transferred within the European Union for the purpose of pursuing the Claim.

10. Governing Law

This Mandate shall be governed by Estonian law and applicable European Union passenger rights legislation.

Signature

This is an unsigned preview of the Authority Document. The final signed version will include a digital signature, timestamp, and verification stamp.
